

On September 19th, 2022 our school will be kicking off the health. moves. minds. Program for the 5th year! We are so excited to continue supporting this national educational program from SHAPE America that will teach your student(s) how to take care of their mind and body, while also developing important character traits such as kindness and empathy. As part of this program, we are raising money to help create a more active and healthy environment in our school, which will ultimately help our students physically, emotionally, socially, and academically. **We are partnering up with the Harrison PTO this year and this will be our Fall Fundraiser!!**
