

BOATS ACROSS THE OCEAN WARM-UP ACTIVITY

Participate in activity without colliding into others students, objects and surroundings. (Self Awareness)

To keep myself and others safe.

I watch where I am going at all times and can stop quickly so that I don't crash into others.

Inquiry Questions: Why is it important not to bump into others? What can you do to keep from bumping into others?

How to Play:

- You can only go one direction across the ocean
- You must get off the scooter at the end of the ocean
- Pick up your scooter and carry it on the board walk back to the ocean
- Go as many times as you can riding the scooter safely in as many different ways as you can

Variations:

- Students can push or pull each other across the ocean
