

SCOOTER HANDBALL

How to use basic offensive and defensive strategies to attack and protect the goal.

Offensive and defensive strategies are used in invasion games/sports.

I can get open to receive passes. I can move to block passes.

Inquiry Question: Which skills can one take from other activities that will allow one to become better in this activity?

Game Objective: Throw the ball into the opponent's goal.

Equipment: One scooter for all players, cones for goal or small goals.

Format: 4 v 4 on different color of scooters

Instructions: Players must have three passes before trying to score in the opponent's goal. The players can move with the ball. The ball can be played by any player off of the floor.

There is a turnover when:

- The ball is intercepted or picked up off of the group by the opposing team
- When the ball is thrown or rolls out of bounds
- Can add when the player with the ball is tagged by the opponent
